PHYSICAL CHEMISTRY CUMULATIVE EXAM

SEPTEMBER 19, 1992

Describe in as much detail as you can the work reported in a paper published in one of the following journals, and received by your library in the last 12 months:

Journal of Chemical Physics
Journal of Physical Chemistry
Journal de Chimie Physique
Chemical Physics Letters
Chemical Physics
Theoretica Chimica Acta
Journal of Molecular Spectroscopy
Zeitschrift f Physikalische Chemie
Journal of Molecular Structure
Canadian Journal of Chemistry
Journal of the American Chemical Society
Faraday Transactions
Journal of Computational Chemistry
Bulletin of the Chemical Society of Japan
International Journal of Quantum Chemistry

Conditions of selection: The paper that you select must deal with a topic in Physical Chemistry. In addition, the paper chosen must not be one that was published by a member of your own research group.
Make sure you identify the paper as much as possible: In addition to the journal, give main authors, research group or affiliation, approximate month of appearance, or page number of current issue.
